What's New

We appreciate the all those that sent in dues to fund our projects. I think you can see the progress we are making. As you can see by the enclosed budget, we are keeping our costs down by getting tasks accomplished by volunteers from the community. There are only a few that haven't paid yet, but we expect we'll see their checks shortly. If you see a weed in the front entry, stop and pull it!

The warm weather is wonderful and everyone likes to enjoy the outdoors. We recently circulated a "Summer" Reminders. We want everyone to be safe and enjoy their investment.

All the information about our community is available on our website. If you are having trouble accessing the website, please email the Webmaster.
arhannan@adelphia.net .

May 21, 2005

- Garage Sale weekend was a success. Thanks Tracy for all your effort to pull it together.
- One light is lit up front, and more to come. All 4 bulbs were bad. Volunteers Al Hannan and Ken Hoehn will upgrade the lights to have a Timer as well as the Dusk / Dawn sensor.

May 7, 2005

- Front entrance cleanup was a success. A lot of sweat, 51 bags of mulch, and 2 flats of flowers. Thanks to all those that helped. It looks great. Power for the lighting will be restored Monday. We'll look at changes to the lighting next.

April 12, 2005

- Mt Holly Preserve Board held it's second official Community Meeting
- Bylaws of the Association reviewed. No changes.
- Meeting Minutes available on the website.

Home Tips

Carefully drain a gallon of water from your water heater periodically to remove sediment from the tank bottom.
